BALUSTRADE AND COLONNADE

LUXURY VINYL TILE

BENTLEY

Balustrade and Colonnade

A balustrade, a colonnade—these are architectural features that provide safety and structural support. Historically, both have served as expressive style elements, too. From the romantic curves of a Mediterranean balcony to the imposing presence of a Brutalist arcade, these fixtures have always easily wed the functional needs of the architecture with the spirit of the design.

Likewise, Balustrade™ and Colonnade™ cover the floor with purpose and style. Presented in a restrained architectural palette of four neutral shades, the concrete look of Balustrade and the soft stone pattern in Colonnade, respectfully reflect the natural materials they mimic. All Bentley Luxury Vinyl Tile is delivered with a high-performance, scratch-resistant finish designed for heavy-duty traffic. And the heavier 5 mm composition requires less adhesive, no transition strips to carpet, and greater forgiveness of subfloor imperfections, building beauty and performance into every Bentley LVT floor you select.
